

We are at our strongest when we come together as a community to respond to a crisis. That's why the Foundation and the Jewish Federation established the Jewish Hartford Rapid Relief and Recovery Fund (RRR Fund) to help the people, agencies and synagogues greatly impacted by COVID-19. Thanks to the gifts of nearly 500 donors, the RRR Fund is offering financial assistance and food to people in need. Here is a quote from a recipient... "You're doing such great work for me and others. It means so much, more than you know, that you're here for us!"

Your grants are also helping our synagogue and agency partners to continue of their operations during the pandemic, including maintaining vital programs and services that our community depends on every day.
